

Digitally Delivers HD Megapixel Video over Coax Cable

HDA-101

Repeater

- SMPTE292M Compatible
- Video Signal: HDcctv
- Extendable up to 150m transmission distance using RG59 coaxial cable
- Low Power Consumption

HDA-103

3G-SDI Digital Video Extender

- Miniature, Fiber Optic 3G-SDI Digital Video Transport System, supporting the new 1080p, 3G-SDI format.
- Designed to transport one (1) channel SMPTE-424M 3GSDI, SMPTE-292M HD-SDI or SMPTE-259M serial digital video signal over long distance through either single-mode or multi-mode fiber with the same model

HDA-104

1 in / 4 Out Splitter

- 1 HD-SDI Signal Input
- 4 HD-SDI Signal Output
- Video Signal HDcctv
- Supports 3G-SDI, HD-SDI, and SD-SDI
