

# OPTICOM TECH

*Industrial Video Specialists*

**Opticom Tech's Industrial Video Solutions  
are ideal for Food Processing Plants.**

Video is an integral part of the modern manufacturing process. Opticom Tech's Industrial Video Solutions are ideal for wash-down food processing and packaging facilities. Our CC06 Series Cameras are housed in AISI 316 Stainless Steel enclosures to comply with health regulations requiring maximum bacteria resistance. Totally waterproof, these cameras have been rigorously field tested to ensure they deliver high quality imaging around the clock.

Opticom Tech provides complete systems including industrial grade digital recorders and a full line of high definition LCD monitors. Real-time video solutions are available in IP, HD-TVI and analog formats and are fully scalable to any size plant.

All Systems are remotely accessible from any network connected phone, tablet or PC whether locally or from around the world. Our video products are fully backed by our industry leading warranties, comprehensive technical support and exceptional customer service.

## **ADDITIONAL BENEFITS OF ADDING A VISUAL SYSTEM:**

- Monitor plant operations
- Increase productivity
- Reduce downtime
- Improve security & safety
